

WELCOME TO YOPS DARK :)

Installation

- Go to your Administration-Site
- Select 'Site' -> 'Templates' -> 'Install new Template'
- Now click 'Search' and choose the downloaded file (yops_dark.zip)
- Click 'Upload File'
- Select 'Site' -> 'Templates' -> 'Select Templates'
- Choose 'yops_dark'
- You're done :)

Perfect Look

To make the template perfect looking, you have to do the following:

- Go to your Administration-Site
- Choose 'Modules' -> 'Manage Modules'
- On the next screen you have to edit at least the position of 'Main Menu', 'User Menu' and 'Login Form' (See Picture)

The '**must**' positions are:

Main Menu 'user1'
User Menu 'user2'
Login Form 'user2'

You can see the rest of the suggested positions in the next picture...

Module Manager Display # 15 ▼
